HOUSE.

On the first of September last J. K. Day and his brother George left Camp Verde, Yavapai county, in a small boat on a trapping expedition. They arrived in Yuma on Sunday, having made the journey in a little less than six months.

J. K. Day has been engaged in trapping for some years past and says that it requires only experience and a little patience to make a very remunerative profit out of the business. He brought a large quantity of furs, consisting of beaver and otter, which always command good prices; the demand for such pelts being always greater than the supply. The journey began on the beautiful limpid Verde river, which received its name of "green river," on account of the apparent color of the water, which is really clear as crystal, but its mirror-like surface reflects the verdure from each bank, giving it the appearance of being colored like the surrounding foliage. After leaving the Verde, the Rio Salado, or Salt river was entered, from which the trappers came down the Gila and soon found themselves at Yuma, their boat floating upon the waters of the great Colorado of the west. The distance traveled by the Messrs. Day by river is a trip over 800 miles, and is the fifth one made by J. K. Day.

The two trappers will leave by rail for Prescott within a few days and will repeat the trip next September.

Territorial Organization Suggested.

The Secretary of the Maricopa League Club of Republicans last evening received the following which explains itself.

TERRESTRIA, ARIZONA, March 29, 1892.

To the Secretary of the Republican League Club, Phoenix, Ariz.

It has been suggested by a number of the members of the League Club at this place, that a Territorial organization should be formed the better to unify and systematize the work of Republican propaganda in the coming six months.

As a considerable number of the leading Republicans of the Territory will assemble at Phoenix on April 7th for another purpose, that time would seem opportune for such a meeting and organization as we propose, and the local club here will probably hold a meeting this week to consider the matter of delegates to such a gathering.

The time is short, some one must take the initiative and I have assumed the responsibility of sending a communication similar to this to each of the clubs throughout the Territory.

Will you kindly lay this before your club with the request that they move promptly in the matter pro or con.

I am very truly yours for the cause, GEO. W. CHEYNEY.

Mr. Cheyney's suggestion to have the organization take place when the Territorial Convention meets is a good one.

The thing can be done nicely without additional expense to the
